

Heavy Duty Fuel Shut-Off Solenoid for Case Equipment

Joseph Industries now offers #J991167 and #87420952 heavy duty fuel shut-off solenoids which directly replace earlier Case part #J932529. Applications include the following Case models that use the Cummins 4-390 and 4-390T "emission certified" engines:

- 570LXT Series II
- 570 MXT
- 580L
- 580SL Series II
- 580M (first series)
- 580G
- 590SL Series II

***If quality shut-offs turn you on,
contact Joseph Industries today!***
